APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application

and do hereby grant the same, subject to the following limitations and

conditions: This permit is granted subject to all existing rights.

It is understood that in addition to the summer use as hereinafter designated, the permittee will be entitled to intermittent use during the non-summer season on the basis of not to exceed 50 gallons per capita per day. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount

which can be applied to beneficial use, and not to exceed 0.0008 cubic feet per second between June 1st and September 15th of each year, and intermittent use during other parts of the year.

Actual construction work shall begin on or before May 26, 1950

Proof of commencement of work shall be filed before June 26, 1950

Work must be prosecuted with reasonable diligence and be completed on or before May 26, 1951

Proof of completion of work shall be filed before June 26, 1951

Application of water to beneficial use shall be made on or before

May 26, 1952. Proof of the application of water to beneficial

use must be filed with State Engineer on or before June 26, 1952
